ABOUT BRENDA: Brenda was born with the ability to see the past, present and future. What was once thought to be an imaginary friend by her parents at age 3, Brenda's relationship with her spirit guide grew and developed into an extraordinary "partnership". Brenda is blessed with a variety of abilities. Along with clairvoyance, she's a clairsentient and clairaudient who communicates with Angels, guides and Ascended Masters on an ongoing basis. To those seeking help, Brenda gives Angelic and channeled messages in a straight-forward, loving, and often joyous manner. With stunning accuracy, she is also honored to have the ability as a conscious medium connecting and receiving messages and visions of loved ones and pets that have crossed over.

Brenda retired her career many years ago as a marketing and licensing executive to devote her time and energies to her intuitive work. She is a resident of the Columbus area working with clients in the local area, throughout the U.S. and internationally as well. In addition to her busy client schedule, she is a writer for DreamWeaver Magazine and has appeared on radio. She also does events, lectures and workshops.
